# ANNUAL REPORT

## HIGHLIGHTS AT-A-GLANCE

**A**s 2025 comes to a close, join us in looking back at all the Lord has done with and through The Danbury Institute in this last year. Just shy of a second year anniversary, The Danbury Institute has seen positive progress on multiple fronts in 2025 including the removal of child pornography from a Texas art museum, providing a new presidential administration with guidance on Christian priorities, assisting legislators with the passage of the TAKE IT DOWN Act, held a national event in Dallas to equip pastors and church leaders in boldly defending truth in the public square, among so much more. Our team is grateful for this robust year and ready to embrace 2026 with even more vigor and momentum.

THE  
DANBURY  
INSTITUTE

- **WIN:** Removal of child pornography from art museum
- Danbury advocates for Christian priorities in new Trump admin.
- **WIN:** Federal judge strikes down Biden admin. Title IX rewrite
- **WIN:** President Trump instates pro-life executive orders
- **WIN:** President bans U.S. support for trans surgery in children
- Danbury garners wide support among Christian leaders for opposition of pro-trans, anti-family law in Colorado
- **EVENT:** Danbury holds national event in Dallas, TX
- **WIN:** Danbury team aids in passage of TAKE IT DOWN Act and attends bill signing in the White House Rose Garden
- **WIN:** Congress cuts funding to NPR & PBS and defunds Planned Parenthood for 1 year
- Danbury leaders meet with U.S. Ambassador to Israel Mike Huckabee in Jerusalem to discuss combating antisemitism
- Danbury leaders meet with White House Faith Office to discuss championing Christian values in public policy

## FIRST WIN OF THE YEAR

# DANBURY INSTITUTE LETTER LEADS TO LAW ENFORCEMENT REMOVAL OF CHILD PORNOGRAPHY FROM ART MUSEUM

The Danbury Institute, a conservative Christian advocacy group, [accused the museum of displaying "child pornography"](#) in a December 2024 open letter. Backed by [some local elected officials](#), they demanded the photographs be removed. "Children cannot consent to such photography, and displaying these images publicly only perpetuates their exploitation," the group said. "Such actions degrade the values of our community, endanger the innocence of childhood and contribute to a dangerous cultural shift."

## PRESIDENTIAL INAUGURATION

Members of the Danbury Institute team were honored to travel to Washington, D.C., for the inauguration of America's 47th president and to attend the Liberty Ball — a climactic finale to a historic set of events in American history.

Read the Danbury Institute letter, delivered to the Trump Administration ahead of the presidential inauguration

ADVANCING RELIGIOUS FREEDOM AND THE SANCTITY OF LIFE IN THE SECOND TRUMP ADMINISTRATION

pro-life wins

PRESIDENT TRUMP...

- ▶ REINSTATES MEXICO CITY POLICY (no taxpayer dollars for abortion in foreign countries)
- ▶ ENFORCES HYDE AMENDMENT (no taxpayer dollars for abortion in the U.S.)
- ▶ PARDONS PRO-LIFE ADVOCATES (prosecuted for defending unborn babies, 23 pro-life advocates have now been pardoned)

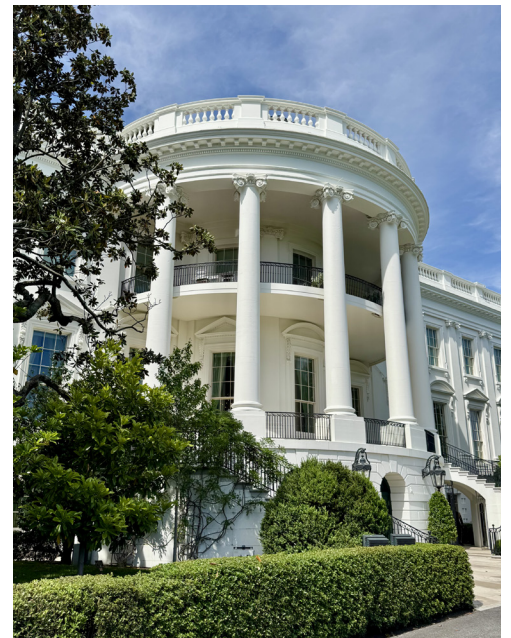

The Danbury Institute provided a letter to the incoming presidential administration advocating for religious liberty and the sanctity of life. Multiple requests in the letter came to fruition within only a short time of the new administration taking office.

---

## DANBURY INSTITUTE AIDS IN PASSAGE OF BIPARTISAN TAKE IT DOWN ACT

On May 19, 2025, President Trump signed into law the TAKE IT DOWN Act — legislation that criminalizes the publication of non-consensual intimate imagery and provides victims of deepfake pornography with legal recourse in protecting themselves and their dignity online. The Danbury Institute team was glad to support this legislation, to help bring it across the finish line, and to witness the signing of the bill into law in the Rose Garden.

---

## PASTORS, LEADERS ATTEND NATIONAL EVENT IN DALLAS

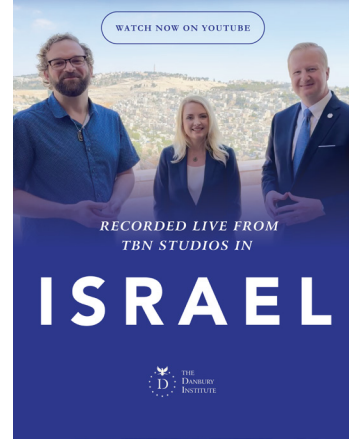

Hundreds gathered in Dallas for The Danbury Institute's national event this June where they heard encouragement to stand for truth in the public square. In addition to a greeting from Charlie Kirk, speakers included women's sports advocate Riley Gaines, Ambassador-Designate Mark Walker, and historian David Barton. Attendees also heard engaging and substantive panel discussions about abolishing abortion and how pastors can be bold defenders of truth as "men in the arena." Archived footage from the 2025 Life & Liberty Forum is available in full on the Danbury Institute's YouTube page.

---

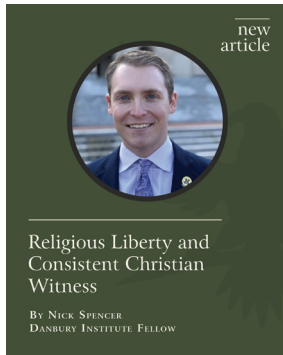

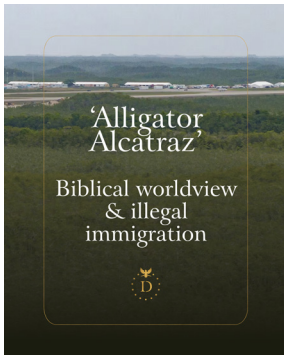

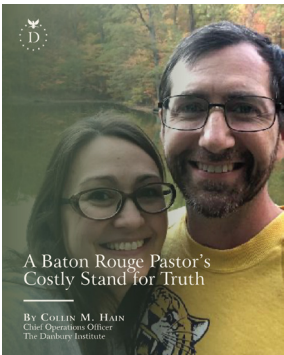

# COMBATING ANTISEMITISM

The Danbury Institute has been a staunch supporter of Israel especially in the months and now years since the horrific Oct. 7 terrorist attacks by Hamas. While antisemitism has surged worldwide, The Danbury Institute team has met with United States Ambassador to Israel Mike Huckabee, interviewed Dr. Jeremiah Johnston about what Scripture says regarding Israel, and welcomed Dr. Owen Strachan to the Life & Liberty Podcast to discuss the concerning rise in popularity of Nazi sympathizers even among America’s political “far-right.”

## A LOOK BACK AT OUR MOST ENGAGED CONTENT

  
*We grieve the loss this year of friend and fellow Christian patriot Charlie Kirk. His death is a reminder that the battle between good and evil actively rages. His life laid down the blueprints for what it looks like to stand boldly for Christ and for truth. We will never forget Charlie—a joyful warrior and a martyr for Jesus Christ.*
